New Era In Railroad Timekeeping

First American-made wrist watch ever approved by a railroad for official use by its operating employees has gone into service on the Pittsburgh & Lake Erie Railroad. Here the first to time his run with the new watch is Lacey Sampson, for 43 years an engineer on the P. & L. E., as he accepts the B. W. Raymond Railroad Wrist Chronometer from William E. Koch (right), vice president of Elgin National Watch Company. First of the new watches off the line was presented by Koch to the president of the P. & L. E., J. W. Barriger.

## Sunny Graham Stacks On Sticks

Good fun to make and yummy to eat! That's the story of "Sunny Graham Stacks on Sticks," a special summertime treat for all the small fry in the family. This new easy-does-it dessert—layers the small fry in the family. This new easy-does-it dessert—layers of crunchy sugar honey graham crackers and thin slices of vanilla ice cream, dunked in melted chocolate—is so simple that even the youngest cook in the house can make it with just a tiny bit of help from Mother. Wonderful idea for birthday parties or hot summer afternoons! Here's how:

**Sunny Graham Stacks on Sticks**

24 8-section Sunshine Sugar Honey Graham Crackers
1 pint (4 squares) vanilla ice cream
2 squares unsweetened chocolate
8 wooden skewers

Break cracker sections apart. Count out 32 of the sections and set aside. Crush remaining crackers into crumbs. Slice ice cream into 12 thin slices; then cut each slice in half, making thin ice cream slices about the shape of the cracker sections. For each stack, put together four of the crackers and three slices of ice cream, alternately, with one cracker on the bottom and one on top of the stack. Press together gently. Insert a skewer well into one end of the center slice of ice cream of each stack. Place in freezer.

Melt unsweetened chocolate squares in top of a double boiler over boiling water. Holding each stack by the skewer, quickly dip it into the melted chocolate, coating it about one inch up from the bottom. Roll the chocolate coated end in the crumbs. Freeze until chocolate is firm (about 5 minutes). To store for several days, wrap each stack in moisture-proof freezer paper and keep frozen. Makes 8 "stacks on sticks."

**Resurfacing on Main Street**

Main Street in Appomattox took on a new appearance this week, as Town Employees did a neat job of resurfacing the shoulders on the Depot side of the street.

Most of the compliments you hear aren't to be taken too seriously.

District Extension Agent, E. W. Carson has announced the appointment of Dan W. Moody as Assistant County Agent in Appomattox and Amherst Counties, effective July 16. Mr. Moody will replace G. D. Gilliam, Jr., who has accepted another position.

Mr. Moody, who will work primarily with the 4-H Club programs in the two counties, is a native of Louisiana. He is thirty-one years old, was raised on a farm in the rural section of his state. He received his Bachelor of Science Degree in Animal Husbandry at Louisiana State University in 1951, and a Master of Science Degree in Animal Science from the University of Illinois in 1956.

Before coming to Virginia, Mr. Moody was Professor of Animal Science at Louisiana State University and for several years has been Assistant in Charge of the Beef Cattle Herd at the University. The Breeding and Show Herd at this University is among the largest college institutional herds in the South. As a boy, Mr. Moody was active in various phases of 4-H Club work and also participated in the Boy Scout program in his home state. He attained the highest honor achieved in Scouting which is that of Eagle Scout.

Mr. Moody is a member of the Methodist Church, and is active in Methodist Youth work.

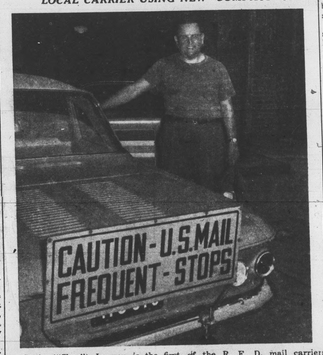
*THINGS OFTEN CROWDED AT POST OFFICE*

John T. Hall and Billy Conner are seen assorting Appomattox Garment Company parcels for shipment. Space in the present Post Office is insufficient to take care of large shipments, which are made frequently. This situation will be taken care of when the new building will be occupied the latter part of August. A date and program for formal dedication of the Post Office will be announced soon.

# Mrs. Anderson To Leave Post As Co. Home Agent

*LOCAL CARRIER USING NEW 'COMPACT' CAR*



S. A. ("Slow") Lawson is the first of the R. F. D. mail carriers from the Appomattox Post Office to purchase one of the popular "small cars" to use on his route. In spite of his reputation as suggested by his nick-name, Mr. Lawson is fast in an attempt to cut the cost of travel and expedite service. There is some question among some of the Post Office Personnel if this vehicle will accomodate the carrier and the heavy load of parcels at Christmas time.

Her scores of friends in Appomattox County will regret to hear that Mrs. Ella S. (B. G.) Anderson has resigned as County Home Demonstration Agent.

Mrs. Anderson has held this position for over twenty years, and has made a fine record in building a program of service to the homemakers of the county.

Her activities are associated with the Extension Division of V. P. I., Blacksburg.

Mrs. Anderson will leave in mid-August to head the Home Management work at the University of Kentucky. This is a most important and prominent position and will give Mrs. Anderson an opportunity to use her experience in this type of program. During a recent leave of absence, Mrs. Anderson earned her Master's Degree at Purdue University, qualifying as a top home management specialist.

Her resignation was submitted to the local board of supervisors.

We are informed that as of now, no successor has been named.

Although her official work has been principally with the home demonstration clubs and the 4-H Clubs, Mrs. Anderson has been found to be most active in church and civic groups here.

Her friends wish her every success in her new work, and will miss her charming personality and her great skill and leadership in this county.

## Demonstration Club Schedule

Meetings of the Home Demonstration Clubs will be held as follows next week:

Thursday, July 28.- The Oakgrove Club will meet at 2 P. M., with Mrs. W. D. Hunter, Jr. Demonstration will be given by Mrs. P. G. Reynolds and Mrs. Sylvester Wilburn. Mrs. A. B. Hunter, Jr., will discuss the federation program.

**WORK OF ART**

Elberton, Ga.- For months, J. G. Binns, a skilled carpenter and cabinet maker, worked on his masterpiece—his own coffin. When he died recently the coffin was such a work of art his family thought too much of it to let it go. Mr. Binns was buried in an ordinary coffin.
